

# meet the School Psychologist

**Ms. Melissa Leone**

**Williamsville South High School**

## a little about me

My name is Melissa Leone and I am excited to announce that I am the new school psychologist here at Williamsville South High School.

Prior to this position, I was employed by the Starpoint Central School District and worked at Starpoint High School. I received my undergraduate and graduate training at Niagara University (Psychology B.A., School Psychology M.S. & C.A.S) and served as Graduate Assistant in the Office of Disability Services during my graduate time. I have experiences working with students birth-12, as well as those navigating early adulthood through post transitional programs.

As a school psychologist, I provide direct support and interventions to students, consult with teachers, families, and other school-employed mental health professionals to improve support-strategies, work with school administrators to improve school-wide practices and policies, and collaborate with community providers to coordinate needed services. I will also be serving as the Section 504 and Committee on Special Education (CSE) Chairperson.

## what I do

If your child is due for their triennial evaluation this school year, I will be working with your family, and school staff, as I strive to become more familiar with your child. It is my goal that that we all work together in order to assist them in finding their niche and empowering them to succeed.

## contact me

I am always here as a support for not only your child, but for you and your family. I look forward to my career here at South, and getting to know each and every one of you. If you need anything, do not hesitate to contact me.
